Hi Cpt,

Here are the flyers and a sound bite for the program if you need it.

As part of Bicycle Safety Month, the Lathrop Police Department is launching 'Know the Rules, Ride Safe,' a new youth bike and e-ride safety program focused on bicycles, e-bikes, and scooters. The program was developed in response to increasing safety concerns involving youth riders and preventable collisions within our community. Through hands-on education, helmet safety, and real-world riding scenarios, we hope to empower both children and parents with the knowledge needed to ride safely and responsibly.

Registration can be done on the City's Park and Recreation Registration page. Two Sessions are available 10am-11:30, 11:30-1pm.

- 5 minute video for both parent and youth
- Bike registration
- Helmet fitting
- Real life scenario for youth to navigate through after learning the law and rules of the road
