Hi All,

Traffic and I have partnered to create a free community safety event for school-age students who commute using bicycles, e-bikes, or e-scooters. The event will be held on Saturday, May 16, and students must attend with an adult.

We are offering two sessions:

- 10:00 AM – 11:30 AM
- 11:30 AM – 1:00 PM

With the increase in youth-related traffic collisions involving bicycles, e-bikes, and e-scooters, our goal is to provide students and families with practical safety education in an engaging, hands-on environment. Participants will watch a short educational presentation and then work through real-world traffic scenarios designed to help them apply traffic laws and safe riding practices.

We would greatly appreciate your support in sharing this event with your school administration, students, and families. If you are able to help distribute flyers or promote the event through your school contacts, it would make a big impact as we work to get families registered before the event date.

As an added benefit, bicycles, e-bikes, and e-scooters can receive a free bike registration sticker to assist LPD in locating and returning devices if they are stolen, recovered, or found.

Registration is available through the Parks and Recreation website:

<https://lathrop.recdesk.com/Community/Program>

Programs:

Know the Rules, Ride Safe – 10:00 AM–11:30 AM

Know the Rules, Ride Safe – 11:30 AM–1:00 PM

Thank you all for your continued partnership and support in helping keep our youth safe.

Best,

Gabby
